Thanks Joe this should suffice.

You might like the attachment. I had to run home at lunch time as this got into my pheasant pen.

Hi, Mike:

Attached are a couple of quick examples. I can find others if these are not what you're looking for.

Thank you,

Joe

Hey Joe,

Is there any specific format or would someone have an example letter to follow up with?

Hey, Mike:

Yes, this approval is the responsibility of the RPM with concurrence from the site attorney (and eco-risk assessor for the SLERA?) and in consultation with Montana DEQ. Let me know if you have questions or if you need additional information.

Thank you,

Joe

Hi Mark/Joe,

CFAC needs a formal written approval on the Final Phase I Site Characterization Data Summary Report and SLERA Summary Report, both dated September 18, 2017. Is that something I can do or should that be signed by someone else? Both reports are complete and all comments and questions have been responded to in an acceptable way.

Thanks
Mike
